KUG CHENNAI · 15-MINUTE LIGHTNING TALK

What's stopping us from shipping great products and monetizing them?

Shangeeth Sivan

Staff Software Engineer, Poshmark · Organizer, KUG Chennai

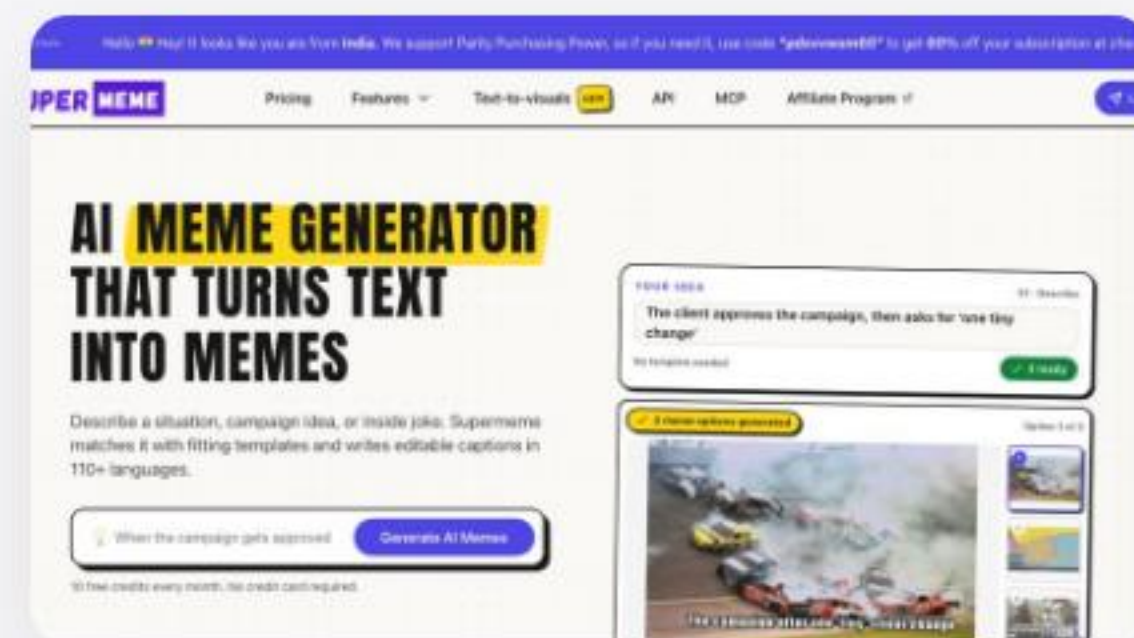

What's stopping us from getting paid?

We know how to build.

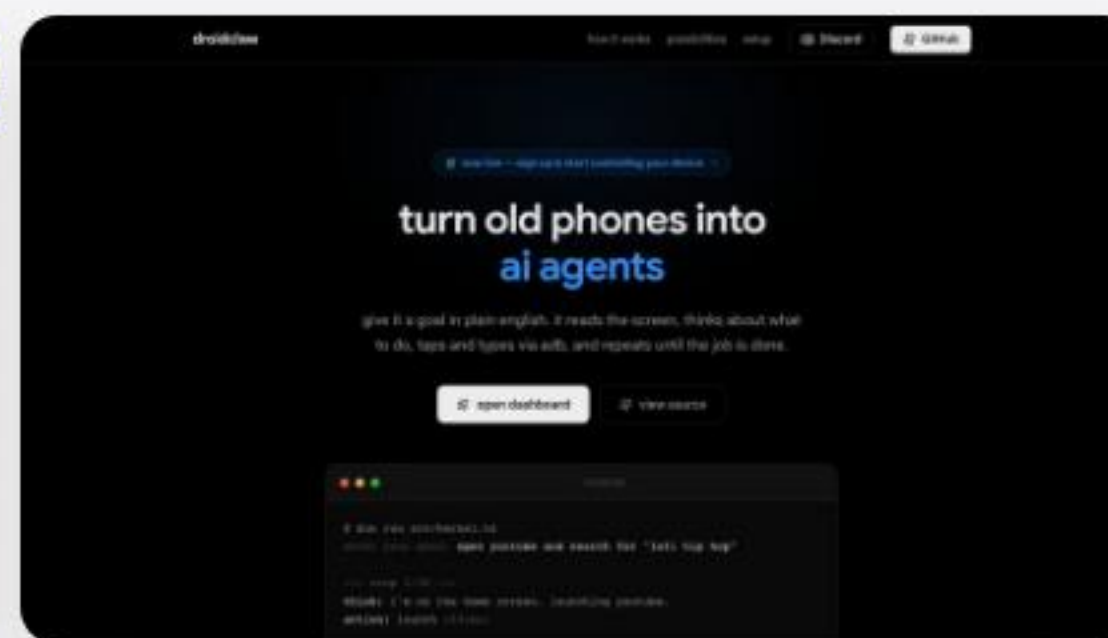

Getting paid takes resilience

You don't need a big team.

Or months. Or an ad budget.

Super Meme

DroidClaw

Super Meme

DroidClaw

You don't need the next Instagram.

One problem. A few people.

Puzzle game

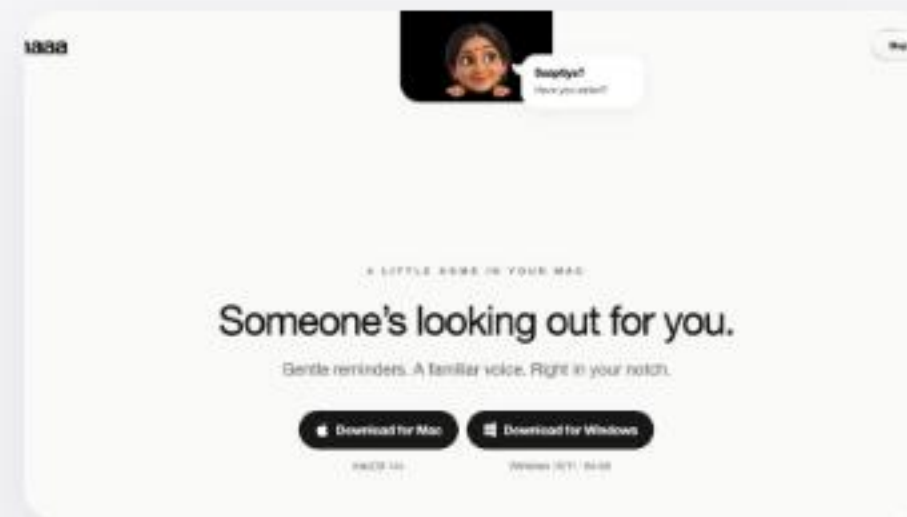

Resume formatter

Invoice reminders

CI dashboard

These already exist.

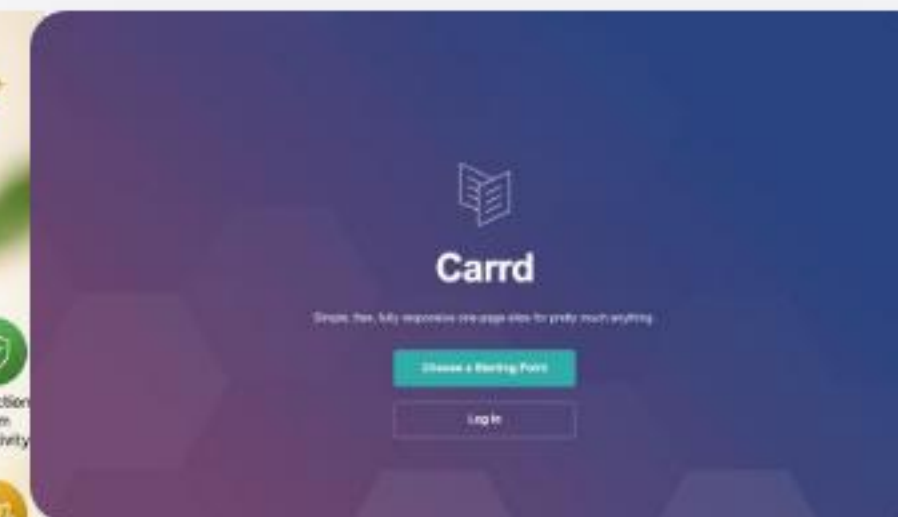

One job. A real price.

Maaa

Lucky Charm

Carrd

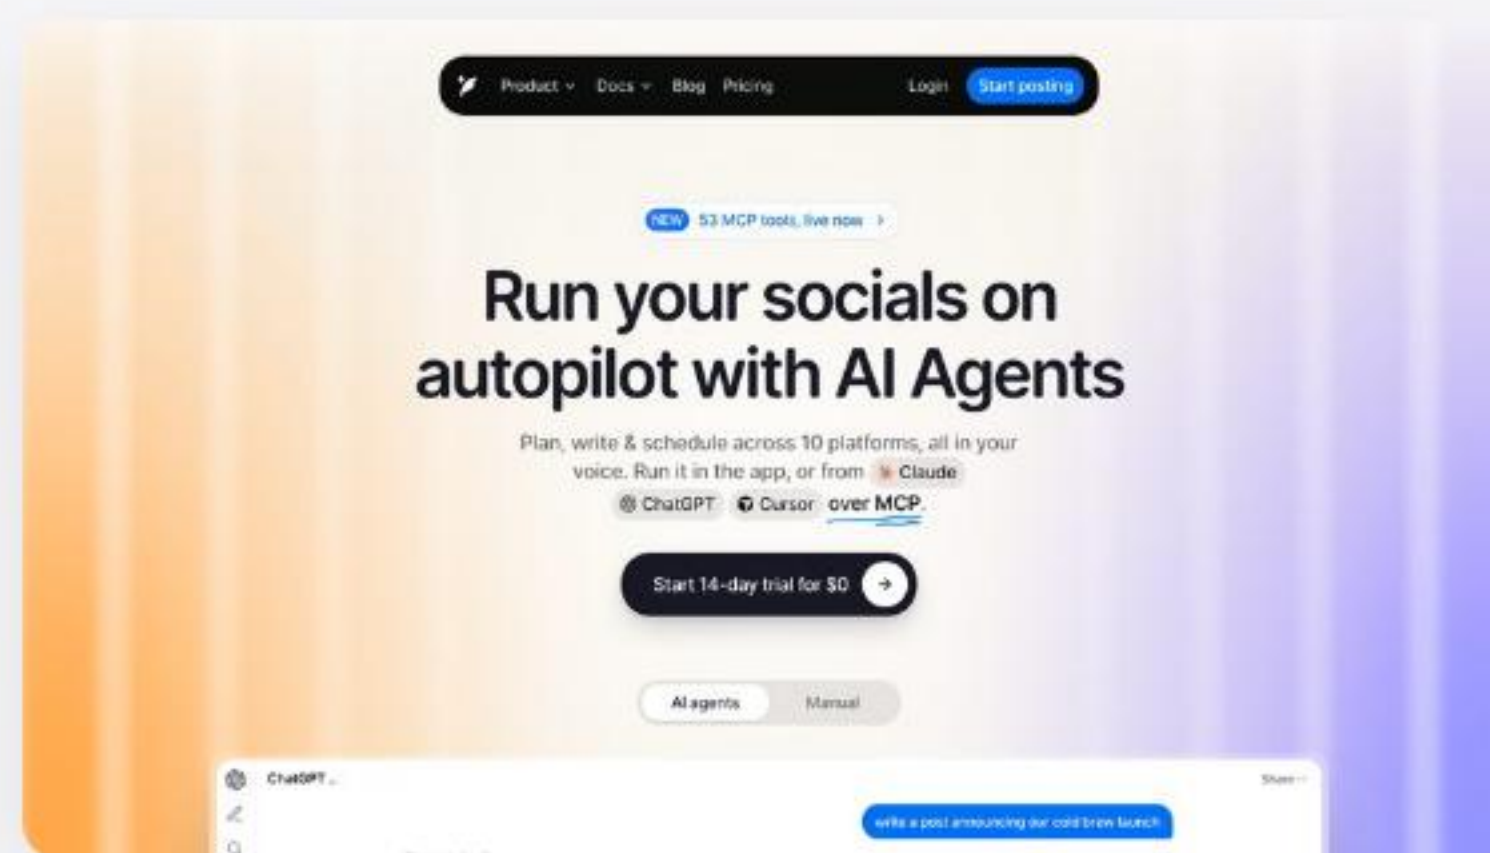

Maaa

Lucky Charm

Carrd

You don't have to invent it.

A better version is enough.

DunSocial

One job. People know these.

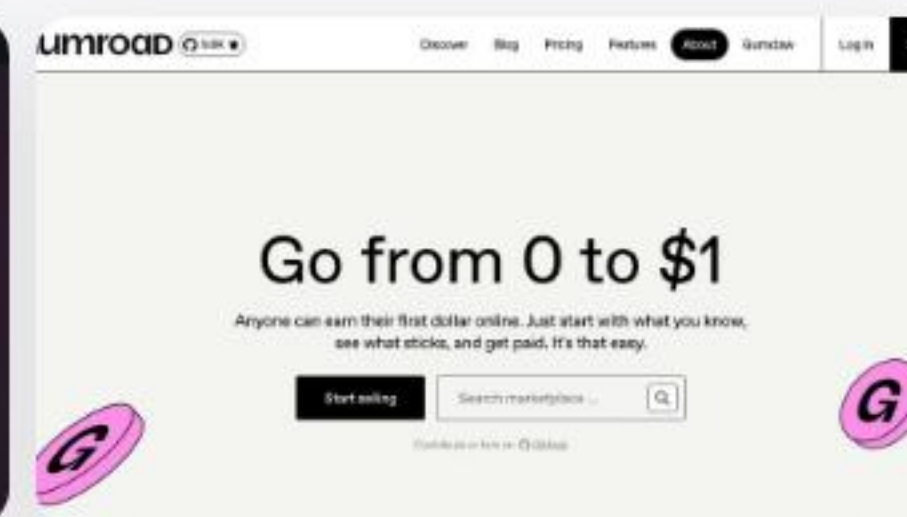

A launcher. An editor. A store.

Raycast

Photopea

Gumroad

You don't need Shark Tank.

We have Startup Singam.

Creedom

AI for creators. ₹1.9 crore deployed.

GrooveBook

Photo app. Acquired for \$14.5M.

Scholly

Scholarship app. Shark Tank, later acquired.

Start with the product.

A game, a charm, or a tiny app.

Pick one.

Any of these is fine.

Razorpay

Stripe, where available

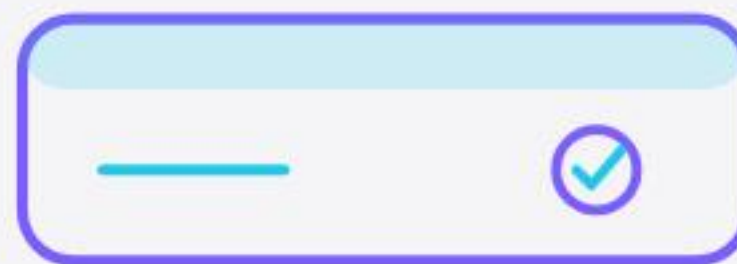

RevenueCat — mobile subscriptions

Google Pay — wallet, including UPI

Apple Pay — wallet, where available

Then take payment.

One price. One checkout.

₹99-₹499

₹199/month

Then watch what they do.

One analytics tool is enough.

Firebase Analytics

Crashlytics

Performance Monitoring

Most of these Firebase products are free.

Growth is a system you can learn.

Ads, experiments, and the event stream.

Grow the product first. Then revenue, like ads.

Run ads to sell the product. Don't put ads inside it.

Ads

Google Ads
Meta ads
Apple Search Ads

Experiments

PostHog experiments
GrowthBook
Firebase A/B Testing

The stream

Events you already track
A flag ships a variant
Keep the winner

Then give them a place to talk.

Discord is enough.

**They stay when you solve
the next problem.**

Likes are not customers.

**Your first paying customer
beats another feature.**

Too simple is why it stays in GitHub.

Five people × ₹199.

Your first ₹1,000.

The people who are crazy enough to think they can change the world are the ones who do.

STEVE JOBS

Today's prize pool is this. Nothing else is stopping you from a \$1 billion company very soon. Think of the next \$1 billion as your next hackathon-winning prize.

Thank you.

Solaris Technologies and Tidel
Park, for sponsoring the
venue.
