

KUG CHENNAI · 15-MINUTE LIGHTNING TALK

What's stopping us from shipping great products and monetizing them?

Shangeeth Sivan

Staff Software Engineer, Poshmark · Organizer, KUG Chennai

What's stopping us from getting paid?

We know how to build.

Getting paid takes resilience

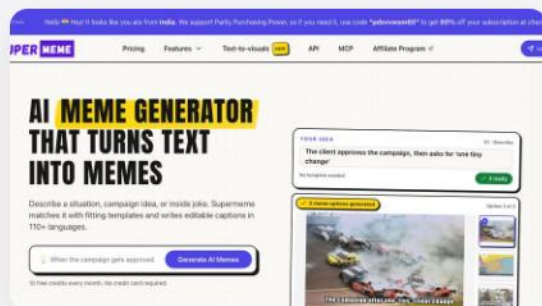

Take Startup School.

Free. Online. From YC.

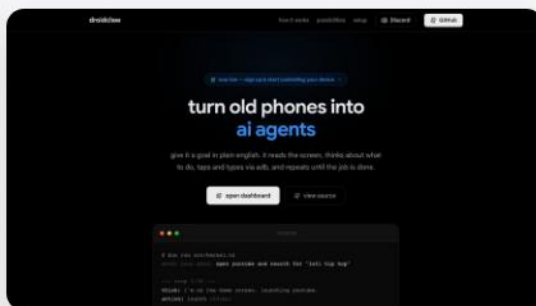

You don't need a big team.

Or months. Or an ad budget.

You don't need the next Instagram.

One problem. A few people.

Puzzle game

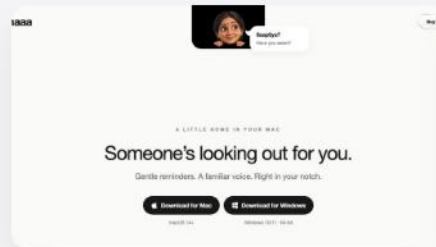

Resume formatter

Invoice reminders

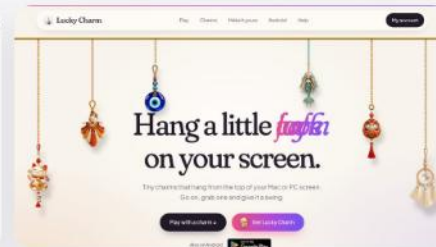

CI dashboard

These already exist.

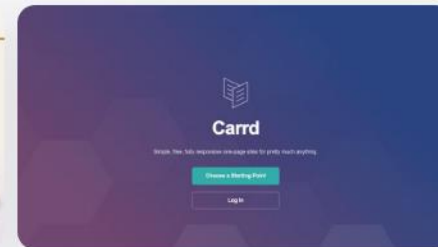

One job. A real price.

You don't have to invent it.

A better version is enough.

One job. People know these.

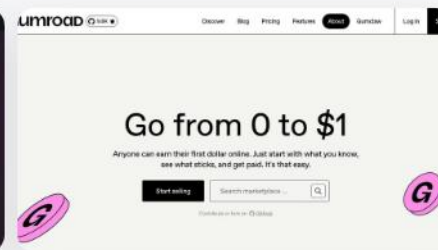

A launcher. An editor. A store.

Raycast

Photopea

Gumroad

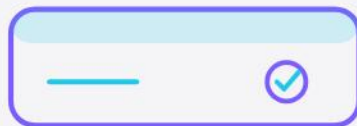

Start with the product.

A game, a charm, or a tiny app.

Then take payment.

One price. One checkout.

₹99—₹499

₹199/month

Then watch what they do.

One analytics tool is enough.

PostHog

Then give them a place to talk.

Discord is enough.

**They stay when you solve
the next problem.**

Likes are not customers.

**Your first paying customer
beats another feature.**

Too simple is why it stays in GitHub.

Five people × ₹199.

Your first ₹1,000.
